

Dante 2010 Pinot Grigio

100% Pinot Grigio

100% California Central Valley (Lodi and Clarksburg AVA)

100% Stainless Steel Fermentation

This wine is a pale yellow color with a flinty green hue. The aromas of the wine are nectary and mineral based with tropical fruit notes like passion fruit, key lime and kefir. On the palate this wine explodes with tropical fruit, yet stops short of being juicy or nectary—it's more of a refreshing Sauvignon Blanc composition that shows well cold on a hot day and fulfills sophisticated refreshment poolside and with al fresco dining.

This wine is tank fermented cold and in the absence of oak which allows the maximum in floral and fruit expression. While this wine makes a refreshing summertime sipper, it pairs well with pasta Carbonara, Proscuitto di Parma (with or without melon) and is a choice selection on a hot day, with chilled heirloom seedless watermelon wedges. Enjoy through 2015.
