

### **Dante 2010 Pinot Noir**

100% California

100% Pinot Noir

Aged 7 months in French Oak

This is a light plum colored Pinot Noir grown in the interior of the Northern Central Coast where the temperatures are cooler as it receives afternoon winds from the San Francisco Bay Area. Don't let the small price fool you; this is a varietally correct Pinot Noir, unblended and affordable, practically an oxymoron today. The aromas have a nice Asian spice component and sits a top sweet, plumb cherry notes. On the palate the wine is balanced with good acidity and a platform of ripe plum, sweet and sour cherry flavors. You would have to spend about \$20 to beat this wine; so why bother? Buy two of these and put your change in your piggy bank. Drink now through 2015.
