

### **Dante 2011 Chardonnay**

This barrel fermented Chardonnay is medium straw colored and has tropical mango and pineapple fruit notes with light butterscotch. The palate has a ripe peach entry with honeycomb and slight clove. This wine finishes with ripe tangerine and Medjool date flavors and then recalls the earlier mentioned honeycomb.

This lively Chardonnay pairs well with salmon encrusted with coriander seed and served over a Vietnamese rice noodle salad tossed with fresh mango, peanuts and avocado.

This wine will age well through 2016.
